

Your donation makes a difference

TIAFI is a registered charity working in Turkey to empower the most vulnerable (refugee) women and their children so that they can find the peace, security and respect they deserve. We have established a large Community Centre in Izmir/Turkey. Here we train vulnerable women to become seamstresses, while their children are looked after and helped to enter Turkish schools. Our kitchen, flexibility and exercise program and information office are places for people to recuperate and get the extra support they need. We also pay regular visits to refugee families in the local area and camps to see how they are doing and if we can provide on-going assistance with food, medical care, education and work. With your donation you can help us and because we appreciate your help we offer you the products the women have made during their training as a gift to you. If you don't want to receive a gift and prefer just to donate, let us know.

Your donation. Our appreciation.
